

Property Inspection & Snagging Expert – Business Bay

Business Bay is Dubai's fast-paced urban financial district, boasting sleek skyscrapers, waterfront promenades, luxury residential towers, and an enviable cosmopolitan vibe. With iconic developments like **The Opus**, **DAMAC Towers**, **Paramount**, and **Bayz by Danube**, the area's architectural standards are world-class.

However, rapid construction and developer timelines often result in overlooked issues—such as **façade cracking**, **AC duct imbalances**, **misaligned joinery**, or **bathroom sealant gaps**. That's why a **professional snagging inspection** is essential. We ensure every defect is uncovered and resolved **before handover** so you can settle into your Business Bay home without concerns.

✓ Why Choose Us

- **Business Bay Experts:** Specialist knowledge of tower finishes, common developer patterns, and snag hotspots
- **Fully Certified:** DED-registered, RERA-approved, and InterNACHI-accredited
- **44,000+ Inspections Completed:** Confidence delivered across Dubai's high-rise towers
- **12-Hour Expert Reports:** Prompt, image-rich documentation delivered within half a day
- **Transparent, Fixed Pricing:** Clear per-square-foot rates—no hidden charges
- **Pay Later with Tabby:** Book now, pay at your convenience

🔍 What We Inspect in Business Bay

Our inspections are tailored to the nuances of ultra-modern, high-rise living:

1. Flooring & Tiles

- Levelness of marble, porcelain, and hardwood finishes
- Grout integrity and hollow tile detection
- Damage assessment (chips, cracks, stains)

2. Walls & Ceilings

- Settlement cracks, paint inconsistencies, ceiling distortions
- Moisture or damp patches near external walls or wet areas

3. Doors, Windows & Joinery

- Smooth operation and alignment of entrance, balcony, and cabinetry doors
- Seal adequacy and soft-close mechanism checks

4. Plumbing & Bathrooms

- Water pressure testing and drain flow efficiency
- Shower slope validation and concealed leak checks
- Silicone sealant finishing and fixture integrity

5. Electrical & Lighting

- Socket and switch operation, lighting functionality
- Mains distribution board and smart-home component testing

6. HVAC & Ventilation

- Airflow balance and thermostat accuracy
- Noise levels and hidden duct inspection

7. Kitchens & Appliances

- Appliance testing, cabinet leveling, sink drainage, and sealing checks

8. Balconies, Terraces & Façades

- Railing safety, tile slope for drainage, and waterproofing
- Exposure-based seal integrity on windows and doors

9. Common Areas

- Lobby condition, corridor finishes, elevator performance
- Access controls and façade detailing

Towers & Developments We Cover

We inspect across Business Bay's most prestigious properties, including:

- **The Opus by Omniyat**
- **Paramount Hotel & Residences**
- **The Vogue by Select Group**
- **Bayz by Danube**
- **DAMAC Towers by Paramount**
- **Executive Towers, The Sterling, Vida Residences**
- **Canal Wharf, Marathon Al Alamein, and more**
