

Snagging & Handover Inspection – Jumeirah Bay Island, Dubai

Jumeirah Bay Island is one of Dubai's most exclusive enclaves—an elegant blend of low-rise waterfront living, private green spaces, and panoramic canal views. While the craftsmanship here is exceptional, even premium apartments can conceal flaws: **tile misalignments**, **balcony waterproofing issues**, **inconsistent HVAC zones**, or **concealed plumbing leaks**. Our expert snagging inspections ensure your luxury home is flawless and handover-ready.

✓ Why Choose Us

- **Jumeirah Bay Specialists:** In-depth knowledge of local construction styles, island finishes, and common defect patterns
- **Fully Accredited:** DED-registered, RERA-approved, and InterNACHI-certified team
- **44,000+ Inspections Completed:** Trusted across Dubai's high-end waterfront communities
- **12-Hour Expert Reports:** Clear, image-rich documentation delivered the same day
- **Transparent Fixed Pricing:** No hidden charges—upfront and honest
- **Pay Later with Tabby:** Book today and pay later, at your convenience

🔍 What We Inspect in Jumeirah Bay Island Residences

We tailor inspections specifically to Jumeirah Bay's upscale apartment standards:

Flooring & Tiles

- Leveling checks, grout wear, hollow-sounding tiles, surface chips

Walls & Ceilings

- Hairline cracks, paint inconsistencies, and moisture near water-facing walls

Doors & Windows

- Seal tightness, hinge function, door alignment, and window glazing

Plumbing & Bathrooms

- Pressure tests, slope drainage, silicone seal quality, concealed leaks

Electrical & Smart Systems

- Socket placement, breaker functionality, smart-control readiness, lighting circuits

HVAC & Ventilation

- Thermostat precision, silent airflow, duct sealing, zone balancing

Kitchen & Joinery

- Cabinet alignment, drawer hinges, appliance fitment, countertop sealing

Balconies & Glass Facades

- Waterproofing integrity, railing safety, tile slope, and door threshold sealing

Common Areas & Landscaping

- Evaluate lobbies, promenade paving, elevator interiors, lighting, and green zones

Buildings & Units We Cover

We inspect across all Jumeirah Bay Island residential developments:

- **Bay Central Towers** – Seven mid-rise luxury apartment buildings
- **Waterfront Terraces** – Canal-facing units with large outdoor living spaces
- **Canal Cabanas** – Boutique low-rise homes with private entrances and finishes
- **Penthouse Suites** – Signature top-floor units with bespoke layouts and elevated features

Every property type brings unique finishes—our inspectors are trained to catch them all.
