

Property Inspection & Snagging in Jumeirah Village Circle (JVC)

A Smart Move for Smarter Living

JVC is one of Dubai's fastest-growing urban hubs—featuring stylish apartments, family townhouses, and modern villas. But with rapid construction and high handover volume, even new homes can have hidden flaws.

Dubai Property Snagging® helps you take control before handover. From grout gaps and misaligned cabinetry to AC and drainage issues, our certified inspectors ensure everything is perfect before you move in.

✓ Why JVC Owners Trust Us

✓ Local JVC Expertise

We've inspected hundreds of homes in JVC and know the common flaws by building and developer.

✓ Certified & Insured

DED-registered | RERA-compliant | **InterNACHI-accredited**

✓ 44,000+ Dubai Inspections

Proven track record across the city's top communities.

✓ Reports in 12 Hours

Detailed, image-rich reports delivered the same day.

✓ Upfront, Fixed Pricing

No surprises—just fair, transparent costs.

✓ Snag Now, Pay Later

Book now and pay later using **Tabby**.

What We Inspect in JVC

Whether you're moving into a **studio**, a **family villa**, or anything in between, our snagging checklist covers:

□ Flooring & Tiles

- Hollow or cracked tiles
- Grout quality and leveling
- Balcony & kitchen tiling

🏠 Walls & Ceilings

- Hairline cracks
- Paint splatter, peeling, or missed plasterwork
- Damp patches or surface bubbles

🚪 Doors & Windows

- Alignment and sealing
- Handle fitment and operation
- Soundproofing and safety checks

🔧 Plumbing & Water Systems

- Water pressure and temperature
- Hidden leaks and drainage slopes
- Outdoor taps and balcony water outlets

💡 Electrical & Lighting

- Test all switches and sockets
- Verify lighting fixtures and circuit breakers
- Check DB panel and load management

❄️ HVAC & Ventilation

- Thermostat calibration
- Airflow strength in each room
- Filter access and duct quality

🚿 Kitchens & Bathrooms

- Cabinet and drawer alignment
- Appliance space and fitting
- Drainage & silicone sealing

🏡 Balconies & Outdoor Areas

- Waterproofing and slope
- Railing safety
- Sliding door operation and locks

Common Areas (optional add-on)

- Lobbies, corridors, elevators
- Gyms, pools, and shared amenities
- Parking and entry access systems

Projects & Clusters We Cover

We inspect **all residential zones and clusters** in JVC, including:

Mid-Rise Apartments

Belgravia, Binghatti, Soho Square, Five JVC, Signature Livings

Townhouses & Villas

La Rosa, Luma, Mirabella, Tulip Park

Mixed-Use & Cluster Developments

Grove, IVY, and **residential buildings in Districts 10, 11, 12, and 13**

Our trained inspectors recognize each developer's typical flaws—saving you time and ensuring warranty-covered fixes **before** handover.

Real Client Story: Binghatti Apartment

A young couple booked our snagging service two days before their **2-bedroom handover in Binghatti**.

Our findings:

- Uneven tile joints in the kitchen
- Balcony water pooling near the grill drain
- Loose socket in the guest bedroom

All issues were flagged, and the developer resolved them before move-in.

“It was the smartest decision we made. The report gave us the power to demand quick fixes—without a single back-and-forth.”

Let Us Secure Your Investment

You only get one shot at a flawless handover. Let our engineers ensure your JVC home is **delivered defect-free**—whether it's your residence or rental investment.
